### **CAREER GUIDANCE & PLACEMENT CELL**

Choosing the right career is a very challenging task. Careers can actually make or break one's life. So it is important to make the right choice. The Career Guidance Cell of our College does give continuous counselling to students and as to what they may do after graduation. It tries to help them in pursuing the right courses, in the right Colleges or Institutes and guides in choosing a suitable career.

As a useful dimension of the Career Guidance Cell, our College has been permitting in-campus and off-campus interviews conducted by the various MNCs and other major companies through the placement cell. Many talented students have benefited from this unique opportunity since accreditation. As a permanent feature of our College, this would certainly continue to benefit the students' community.
